	nswer all the questions				
	Vrite the most suitable answer on the g				
01.	The surface area of the Earth is	million km ² (510 / 610 / 560))		
02.	Longitude 180° is used to draw the	(Greenwich line / Date line	e/ equa	tor)	
03.	71% of the surface of the Earth is cove	red by (water/ land/ oceans)		
04.	The second largest continent among the continents is the continent of				
05.	The exten (Exclusive Economic zone/ Territorial		st.		
•	If the following statements are correc	ct put (✓) if not put (×) for question n	o 6 to 1	10	
06.	Latitudes are drawn from East to West	and parrell to the equator.	()	
07.	The Earth is a spherical object and it is	a full sphere.	()	
08.	The International Date Line is a straigh	t line .	()	
09.	Showing the location of a country with location.	reference to longitudes and latitudes is	called (the specific)	
10.	Sri Lanka which is an island receives a	uniform rainfall throughout the year	()	
•	Underline the most suitable answe	er for question no 11 to 15			
11.	The name for 66 1/2° North latitude 1. Tropic of cancer 3. Arctic circle	is, 2. Tropic of capricorn 4. Antarctic circle			
12.	The continent that the Japanese islan 1. The continent of Europe 3. The continent of Australia	nds belong to is, 2. The continent of Asia 4. The continent of North America			

Agaram.LK - Keep your dreams alive!

- 13. What is the method that is occured rainfall due to the air disturbances in the bay of Bengal?
 - 1. Conventional 2. South West monsoon
 - 3. Cyclone 4. North East monsoon
- 14. A relief feature that can be seen in the intermediate plain is, 1. Gap 2. Ridges 3. Valley 4. lagoon
- 15. A country belong to the continent of Europe is, 1. China 2. Libia 3. France 4. Brazil
- Write the most suitable answer on the given space for question no 16 to 20.
- 16. The Earth takes 24 hours or one to rotate around its own axis.
- 17. The equatorial circumference is than the polar circumference.
- 18. Generally Sri Lanka has a weather during February and August months.
- 19. are large land mass surrounded by oceans.

20. Sri Lanka is located near the equator in the zone, between the tropic of (2x20 = 40 marks)cancer and the tropic of capricorn.

Part II

• Answer five questions including the first question. First question is compulsory.

Answer the questions using the given map of the world. (01) A.

i.	Name the largest island in the world shown by letter A	(2 marks)
ii.	What is the continent that can be seen as a one country? Write the letter of it.	(2 marks)
iii.	Name the three countries that are shown by number 1,2 and 3	(3 marks)
iv.	Name the longitudinal lines shown by letters F and G	(2 marks)
v.	Name the latitudinal lines shown by letters X,Y, Z	(3 marks)

B. Study the following map of the area of Sri Lanka and Name the places shown by letters A,B,C & D Λ (4 marks)

C. Study the given map of the relief zones of Sri Lanka and answer the following question.

Agaram.LK - Keep your dreams alive!

- i. Name the relief zones shown by letters A, B and C respectively. (3 marks)
- ii. Write 3 relief features that can be seen in the 'A' relief zone.
- iii. Following relief features can be seen in the B and C relief zones. Name the relief zone infront of them. (3 marks)

4. Mountain ranges						
	(5 marks)					
	 5
