

Jaffna Hindu College

1st Term Evaluation Exam - 2022

Grade - 07

Geography

Time : 2.00 Hours

Name / Index No :

Part - I

01. Underline the correct answer.

01. The planet with a congenial environment for living brings?
1) mercury 2) venus 3) Earth 4) Jupiter
02. The actual duration earth takes 365 $\frac{1}{4}$ days
1) leap year 2) revolution of the earth
3) rotation of the earth 4) day and night
03. The Equatorial circumference of the earth is
1) 65610km² 2) 12714 km 3) 12757 km 4) 40077 km
04. 510 million km² mention
1) The surface area of the Earth 2) The total area of Sri Lanka
3) Equatorial circumference 4) Polar diameter of earth
05. The imaginary line drawn vertically from the North to South is called
1) straight line 2) vertical line 3) longitudes 4) Latitudes
06. The imaginary line drawn 0° horizontally
1) Equator 2) Tropic of cancer
3) Greenwich line 4) International Date line
07. Total number of latitudes in the North
1) 180 2) 90 3) 360 4) 179
08. The country located between 0° Equator and 15° North latitude is
1) Madagascar 2) Sri Lanka 3) Japan 4) England
09. 29% of the surface of the Earth is covered by
1) snow 2) water 3) land 4) air
10. The continent area of your land is
1) 8.9 million km² 2) 43.6 million km²
3) 25.3 million km² 4) 30.3 million km²
11. It is considered as continent and a single country.
1) Sri Lanka 2) Madagascar 3) Antarctica 4) Australia
12. The country Brazil is located in the continent
1) South America 2) North America
3) Africa 4) Europe

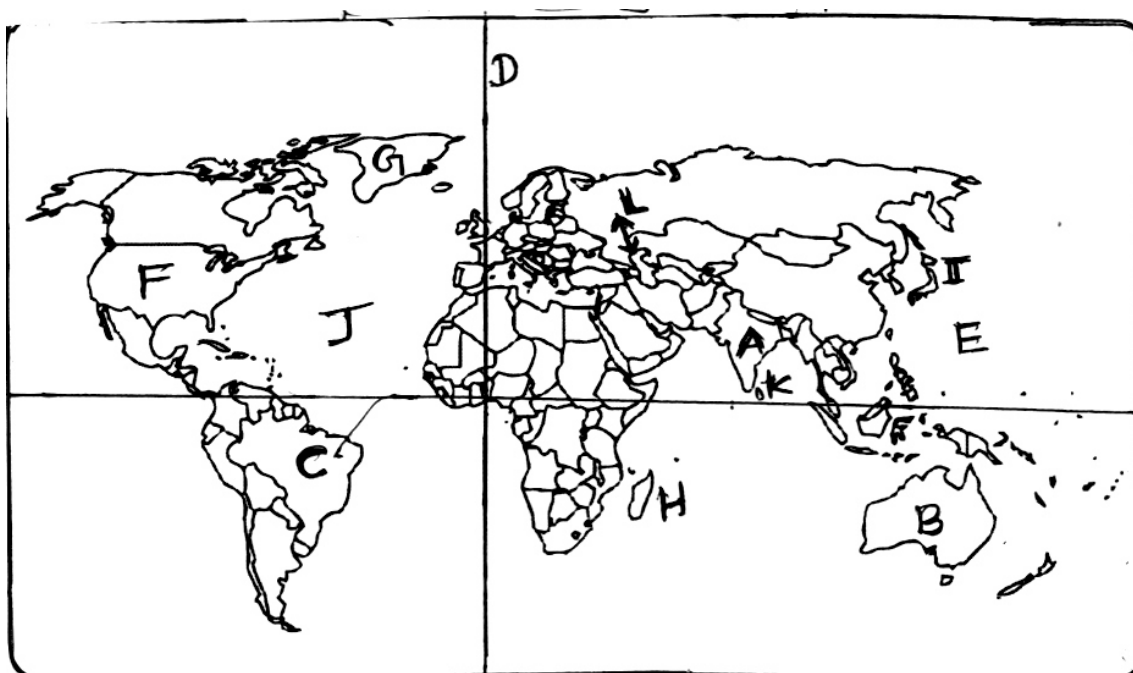

13. The water bodies located close to continents and inland areas
 1) lakes 2) oceans 3) seas 4) Tanks;
14. This sea is located within the continent of Asia
 1) Arabian sea 2) okhottish 3) Mediterranean sea 4) Aral sea
15. Showing the location of Sri Lanka with reference to longitudes and latitudes is called
 1) relative location 2) Place location
 3) specific location 4) Enviromental location
16. The East of Sri Lanka
 1) Africa 2) South East Asia 3) Asia 4) Indian ocean
17. The territorial sea limit of Sri Lanka
 1) 12 nautical miles 2) 22.2 nautical miles 3) 24 km 4) 32 km
18. One of the relief features of coastal area
 1) bay 2) ridges 3) plateaus 4) mountain
19. The annual temperature of Sri Lanka
 1) 15° - 27°C 2) 27°C - 30°C 3) 30°C - 40°C 4) 5°C - 15°C
20. North and East part of Sri Lanka receive heavy rain in November to January
 1) cyclones 2) Convectional rain
 3) South west monsoon 4) North East monsoon rain

(20 x 2 = 40 marks)

Part - II

❖ Answer the all questions.

01) Find the suitable locations from the world map and write correct letter in the bracket.

- | | | | |
|--------------------|-----|------------------------------|-----|
| 01. Madagascar | () | 07. Sri Lanka | () |
| 02. Japan | () | 08. Green wich | () |
| 03. Atlantic ocean | () | 09. Australia | () |
| 04. Brazil | () | 10. Green land | () |
| 05. India | () | 11. Pacific ocean | () |
| 06. Caspian sea | () | 12. United states of America | () |

(12 x 1 = 12 Marks)

02. 01. Give 3 special features of the earth

.....

.....

.....

02. a) What do you mean by rotation of the earth?

.....

b) Give 2 effects of this rotation of the earth.

.....

.....

03. a) What do you mean by revolution of the earth.

.....

b) Give the effects of them.

.....

.....

04. Give the informations of the following

1. Equatorial diameter :-

2. polar diameter of the earth :-

3. The surface area of the Earth :-

(3 x 4 = 12 marks)

03. 01. What are the 2 imaginary lines

1)

2)

02. Give the following informations based on relative location of Sri Lanka

- 1) A narrow strip that divide India and Sri Lanka
- 2) Western boundary of Sri Lanka
- 3) The continent, North of Sri Lanka

03. Give 3 Topographical features of Sri Lanka

- 1).....
- 2).....
- 3).....

04. Sri Lanka gets rain in many ways there are described below. Name them

- A) rain with thunder :-
- B) Produce bay of Bengal :-
- C) receive May - June :-
- D) rain from North East :-

(2+3+3+4 = 12 Marks)
