1. A 2. B 3. C 4. D

24) The diagram, shows some levels of a sports event. What is the name of this sports event?

1. Normal walking 2. Long jump 3. Triple jump 4. Walking race

Answer the questions no. 25, 26 and 27 with the help of the diagram given below.

- Shani** - discuss throw javelin throw
Nuwani - put shot, long jump
Hasintha - discus throw, long jump
Dilan - javelin throw

25) The player who uses X zone for his of her event is,

1. Dilan 2. Shani 3. Hasintha and Nuwani 4. Shani and Dilan

26) What is the playing zone which Hasintha should use?

1. X and Y zone 2. Y and Z zone
 3. Z and X zone 4. Y area only

27) What is the playing area which Nuwani should use?

1. Y area only 2. Y and Z area
 3. Z and X area 4. X and Y area

28) The zone which the players should exchange baton is,

1. In A - B zone 2. In B - C zone
 3. In A - B zone 4. In A - C zone

29) What is the statement which does not define a standard running track,

1. The length of the running track is 400m.
 2. The shape is consisted with two parallel sides and two equal semi circles joined to them.
 3. There should be 6 running tracks altogether.
 4. The track lines should be of the width of 5 cm.

30) The main stages of long jump is,

1. Approach run, flight, landing, take off 2. Approach run, flight, take off, landing
 3. Approach run, take off, flight, landing 4. take off, approach run, flight, landing

31) This is a technic of put shot,

- | | |
|------------------------|--------------------|
| 1. Sall method | 2. Fosbery method |
| 3. Ferid Briyan method | 4. American method |

32) The events which only the Crunch start can be included are,

- | | |
|-------------------------|--------------------------------|
| 1. 100 m, 400 m, 800 m | 2. 100 hurdles, 200 m, 400 m |
| 3. 800 m, 1500 m, 400 m | 4. 100 x 4, 400 hurdles, 800 m |

33) The events which only the Standing start can be included are,

- | | |
|-------------------------|--------------------------|
| 1. 800 m, 400 m, 200 m | 2. 100 m, 400 m, 800 m |
| 3. 400 m, 800 m, 1500 m | 4. 1500 m, 800 m, 5000 m |

34) This is not a type of a Crunch start,

- | | | | |
|----------------|----------------|---------------|-----------------|
| 1. Brake Start | 2. Short Start | 3. Long Start | 4. Middle Start |
|----------------|----------------|---------------|-----------------|

35) Due to rules and regulations of sports,

- | | |
|--|--|
| 1. Rights of the candidates are assured. | 2. The excitement of the game can be maintained. |
| 3. Can conduct a fair game. | 4. All mentioned above can be done. |

Below mentioned are the injuries which the players get in the playground. Answer questions no. 36 and 37 with the use of the information supplied.

A - Scratches

B - Torn Tissues

C - Dislocation of joints

D - Deep injuries

E - Muscle bruises

F - Blisters

36) Out of above injuries, internal injuries are,

- | | | | |
|------------|------------|------------|------------|
| 1. A, B, C | 2. B, C, F | 3. A, D, F | 4. B, E, F |
|------------|------------|------------|------------|

37) Out of above injuries, external injuries are,

- | | | | |
|------------|------------|------------|------------|
| 1. A, B, D | 2. B, C, F | 3. A, C, D | 4. C, D, F |
|------------|------------|------------|------------|

38) The accepted First Aid method is,

- | | |
|---------------------|-----------------------|
| 1. A B C D E method | 2. S M A R T method |
| 3. R I C E method | 4. P R I C E S method |
